WORK EXPERIENCE

Full-stack Developer, Qlipify   **Jan 2024 - Dec 2024 | qlipify.com**

- Spearheaded the development of an AI-powered learning tool that transforms YouTube videos, PDFs, text, and articles into concise summaries and interactive study aids (quizzes, flashcards, and an AI chat assistant).
- Utilized Next.js with TypeScript for full-stack development, integrated the Google Gmeini API for advanced AI functionalities, and employed Zustand for efficient state management.
- Designed an intuitive user interface and optimized backend performance to deliver a seamless, engaging learning experience.

Mobile Developer, Bubboz   **Jan 2024 - Dec 2024 | bubboz.com**

- Implemented a fully functional shop feature where users could browse and purchase manga, with seamless payment integration using Stripe and a robust cart system.
- Developed multiple reading modes, including normal, sound, recording, and magazine modes, offering users various ways to enjoy content.
- Built a comment system for user interaction and a comprehensive user profile feature, enhancing social engagement within the app.

Frontend Developer, Decenter AI   **Oct 2023 - Feb 2024 | decenterai.com**

- Developed and implemented user profiles and settings features using Zustand for state management and integrated APIs to handle backend data efficiently.
- Built the notification system to improve user engagement and ensure timely alerts on collaborative training activities.
- Conducted thorough testing of the application, ensuring high-quality code and optimal performance

Freelance Web Developer, *Self-Employed*   **Nov 2022 - Present**

- Provided end-to-end solutions, including API integration, state management, and deployment.
- Developed full-stack web applications using React, Node.js, and Django for various clients.

PROJECTS

Qlipify | Qlipify.com

- **Description:** Developed an AI-powered tool that transforms YouTube videos, PDFs, text, and articles into interactive study materials, including summaries, quizzes, flashcards, and AI-powered Q&A.
